## Software, Training & Consultancy

e: [delon.newman@gmail.com](mailto:delon.newman@gmail.com)

ph: 808.561.3617

## Specification

A basic four-page website with:

1. a home page with logo, contact information, navigation links and an event feed
2. a staff directory, with names, photos and contact information of staff
3. an events calendar
4. a listing of external links for staff and student use.

Additionally, a link to a PDF version of the school lunch menu will be provided along with a form that will allow staff to upload updated versions.

The school colors and logo will be used in a custom design.

The site will be implemented using a CMS (Content Management System) system allowing staff to manage content through a user-friendly interface.

Some training will be provided to staff on use of CMS.

## Estimate

Basic four-page CMS website with custom design	\$1000
Setup and domain registration	200
Custom module for uploading PDF lunch menu	500
Includes 2 hours of training	
<b>Total</b>	<b>\$1700</b>
